EVR Pro Upgrade (Basic → Pro)

Overview

EVR Pro Feature Upgrade

One-Time Upgrade License for a Single EVR Device

Upgrade your compatible EVR device to unlock the complete set of Pro features without changing the camera capacity of the device. This is a **one-time device-specific upgrade** that enables advanced cloud, recording, alerting, mobile access, and multi-operator capabilities.

Key Features

- **Cloud Upload** — Upload selected video recordings to the cloud for remote access and backup.
- **Motion-Based Recording** — Record video based on detected motion to optimize storage usage.
- **Motion Alerts** — Receive alerts when motion activity is detected by configured cameras.
- **Mobile App Access** — Access the EVR system remotely through the supported mobile application.
- **Cloud Dashboard** — Monitor and manage the EVR device remotely through the cloud dashboard.
- **Up to 4 Operator Accounts** — Enable access for up to four authorized operators/users.
- **One-Time Upgrade** — No recurring upgrade charge for the Pro feature entitlement.
- **Device-Specific License** — The upgrade is activated for one EVR device.

Camera Capacity

The Pro upgrade **does not increase the camera capacity** of the EVR device. The maximum number of supported cameras remains determined by the device's hardware SKU.

Compatibility

- Compatible with supported EVR hardware.
- Requires a compatible EVR firmware/software version.
- Internet connectivity is required for cloud upload, cloud dashboard and remote/mobile features.

- Motion recording and motion alerts depend on camera compatibility and configured detection settings.

License Scope

License Type: One-Time Upgrade

Activation: Single EVR Device

Camera Capacity: As per EVR Hardware SKU

Operator Accounts: Up to 4

Recurring Subscription: Not applicable to the upgrade license itself

What's Included

This upgrade activates:

Cloud Upload + Motion Recording + Motion Alerts + Mobile App + Cloud Dashboard + Up to 4 Operator Accounts

Important: This product is a software/feature upgrade for an existing EVR device. It does not include an EVR hardware unit, cameras, storage devices, installation, or an increase in the device's rated camera capacity.

Product Summary

A practical upgrade for customers who already have an EVR device and want to add **cloud connectivity, intelligent motion-based recording, remote alerts, mobile access, cloud management and multi-user operation** through a single one-time upgrade.
