

PIRCam Pro

Model **PCAM-0540**

PIRCam Pro

Overview

The **PIRCam Pro** is an advanced, discreet surveillance solution engineered for modern security environments. Designed in a **PIR sensor form factor**, it blends seamlessly into interiors while delivering high-performance video monitoring without drawing attention.

Featuring **Full HD 1080P resolution at 30 frames per second**, the device ensures sharp, detailed footage for accurate monitoring and evidence capture. Its integrated **PIR-based motion sensing combined with intelligent human detection** significantly reduces false alerts, ensuring notifications are relevant and actionable.

The camera supports a wide range of industry-standard protocols including **FTP, RTSP, HTTP, and NTP**, enabling flexible integration with existing surveillance systems, remote access platforms, and automated data management workflows. This makes it suitable for both standalone deployments and large-scale networked environments.

With support for up to **256GB SD card storage**, the PIRCam Pro allows continuous recording and reliable local data retention without dependency on external storage solutions. Its compatibility with **Alarm Center systems** enables real-time alerts and immediate response, enhancing overall security efficiency.

Built for versatility, the PIRCam Pro is ideal for **residential, commercial, and industrial applications**, offering a perfect balance of discretion, performance, and reliability. Whether deployed for covert monitoring or integrated security systems, it provides consistent operation in a compact, professional-grade design.

Technical Specifications

alarm_system	Alarm Center Integration
camera_resolution	1080P Full HD
connectivity	LAN / IP Based
detection_type	PIR Detection, Human Detection
form_factor	PIR Sensor Style (Discreet)
frame_rate	30 fps
motion_detection	Yes
network_protocols	FTP, RTSP, HTTP, NTP

power	DC Input
product_name	SecureSense PIR Cam Pro
storage_support	Up to 256 GB SD Card
use_case	Indoor Security, Office Monitoring, Industrial Monitoring

Warranty & Support

24 month warranty

Returnable
